[From Sail to Stream](#) Alfred Thayer Mahan 2013-06 Alfred Thayer Mahan (1840-1914) was a US Navy officer and historian. He served in the Navy for nearly forty years and fought in the American Civil War. In addition, he was president of the Naval War College in Newport, R.I., and wrote influential naval history and strategy books. His most popular work *The Influence of Sea Power upon History* (1890) established the modern US Navy doctrine of maritime predominance: the higher the naval power of a country, the greater its global impact. His ideas of sea power influenced the organization of naval forces in many countries. *From Sail to Stream*, Mahan's autobiography, includes his personal life story as well as the history of US sea power in the 19th and early 20th century.

The FBI Rhodri Jeffreys-Jones 2007-09-28 This “penetrating and remarkable history of the FBI” examines its operations and development from the Reconstruction era to the 9/11 attacks (M. J. Heale, author of *McCarthy's Americans*). In *The FBI*, U.S. intelligence expert Rhodri Jeffreys-Jones presents the first comprehensive portrait of the vast, powerful, and sometimes bitterly criticized American institution. Setting the bureau’s story in the context of American history, he challenges conventional narratives—including the common misconception that traces the origin of the bureau to 1908. Instead, Jeffreys-Jones locates the FBI’s true beginnings in the 1870s, when Congress acted in response to the Ku Klux Klan campaign of terror against black American voters. The FBI derives its character and significance from its original mission of combating domestic terrorism. The author traces the evolution of that mission into the twenty-first century, making a number of surprising observations along the way: that the role of J. Edgar Hoover has been exaggerated and the importance of attorneys general underestimated; that splitting counterintelligence between the FBI and the CIA in 1947 was a mistake; and that xenophobia impaired the bureau’s preemptive anti-terrorist powers before and after 9/11.
